

Product Catalogue

Our Catalog: Content and structure

Learn more about our company, philosophy, our brands and products

To begin, you can get a broad overview of our company and philosophy before you dive into the product information for each application area.

Two chapters to start with:

Werner & Mertz Professional 4

In our first chapter “Werner & Mertz Professional”, you'll read all about our family-run company, our values and the brands. We'll also tell you about our award-winning cleaning systems and other helpful services for professional cleaning.

Green Care Professional 22

Learn more about our sustainability philosophy and pioneering role in the cleaning industry and our innovative concepts. We'll explain, for example, what the term “circular economy” means and why cleaning with our products is both economically efficient and ecologically responsible.

Are you interested in a particular application area?

So that your cleaning will be even more sustainable, we would be happy to provide you with additional information. Simply write to us at: info@tana.de

Company | Values | Brands

Werner & Mertz
Professional

Pioneer for 50 years:

Werner & Mertz Professional – A company with a vision

For more than 150 years, the family-owned Werner & Mertz has been successful in the market as an umbrella brand and European forerunner in innovations for the cleaning industry. In 1971 Tana-Chemie was set up with offerings tailored to professional cleaning services. Our established brands Green

Care Professional and Tana Professional, supported by highly qualified and motivated employees, stand for the entire company's unwavering commitment to sustainability. We are driven by our desire to make a sustainable lifestyle attainable for the majority even beyond the boundaries of our brand.

1971

Founding of
Tana-Chemie GmbH

1989

Launch of
Green Care brand

2003

EMAS-certified production
site in Mainz, Germany. Followed
by Hallein, Austria in 2005.

Better across the industry:

Wherever people come together,
our cleaning products are put to use.

Together we are on the way to becoming the European market and innovation leader in professional specialized care. In our sector we will succeed with exemplary ecological products and concepts designed and developed for the circular economy. Based on our many years of experience, we provide our customers with comprehensive, customized and integrally sustainable Hygiene solutions that contribute to their success.

Some of our major sectors:

- Public institutions
- Offices and commercial space
- Healthcare facilities
- Hotels, cafés and restaurants
- Industry
- Transportation and traffic
- Sanitary facilities and swimming pools
- Recreational facilities

2005
First EU Ecolabel
certification

2007
First Nordic Swan
certification

2007
Revision of development guidelines
and publication of the sustainability
information for each product

2008

30 % share of recycle

Our unequivocal

stance is the basis for value creation

1 Responsibility

We keep our promises and accept our responsibility for others in the belief that a healthy and safe environment begins with ourselves.

2 Quality

By providing first-class products and solutions, we contribute to our customers' current and future business success.

3 Passion

We put our heart and soul into promoting diversity and ensuring good quality of life.

4 Integrity and Respect

In keeping with our corporate principles, we comply with the highest ethical standards in all we do and stand for honesty, integrity and fairness in dealing with employees, business partners, customers and the general public.

2013
First Cradle to Cradle® Gold certification for a complete range of cleaning products

2014
First bottle of 100 % recycle

2015
Cradle to Cradle® Products Innovator Award

2018
Release of the Green Care Performance Calculator

Strong Brands:

Green Care Professional and Tana Professional

Our two pioneer brands Green Care Professional and Tana Professional have their origin in the sustainability philosophy of our company. Linking

tradition with innovation, they set standards in cleaning performance, economic efficiency and user safety.

Read more about our strong brands on pages 10 and 11.

Award-winning production sites:

At our production sites in Mainz and Hallein, we implement the highest quality and environmental standards and see them reflected in our certifications:

2020
German Packaging Award

2021
50 years of
Tana-Chemie GmbH

2021
Our Company wins
EcoVadis Platinum Medal

Green Care Professional:

Our sustainable pioneer brand

Doing the right things right

Safe, effective, recyclable. Our Green Care Professional brand stands for high-quality cleaning products in harmony with nature. We have many ways to interpret “cleanliness”, i.e., as the effect of cleaning, but also clean for people, animals and the environment. From this basic understanding we developed our “circular” strategy. The materials used in the production of our Cradle to Cradle[®] certified assortment can be returned to the technical and biological cycles. From that we derived our slogan “A circular future”.

Our Brand Promise:

Safe for Humans and the Environment

For more than 30 years the Green Care brand has been synonymous with first-class cleaning performance and integrally sustainable cleaning concepts. Our brand is a pioneer in a genuine circular economy along the entire value chain.

In the next chapter you can read more about the circular economy and our Green Care Professional portfolio.

Tana Professional:

Our problem solver for every purpose

General problem solver in the cleaning sector

Tana Professional has a long history of documented customer satisfaction and high quality products. For more than 50 years, Tana has been our proven cleaning brand. For special cleaning and care products or disinfectants, the problem solver Tana Professional meets the needs of every sector and industry and ensures long-term value retention.

Three steps to greater safety in everyday work

Guaranteeing trouble-free Hygiene is more important than ever in public areas, offices, retail and commercial space, hotels and restaurants. With Tana Professional, we offer you perfect protection for every area.

- 1 | Regular cleaning reduces bacterial loads.
- 2 | Surface disinfectants are recommended for heavily used surfaces.
- 3 | Hand Hygiene and supplemental hand disinfection for personal protection.

Which system satisfies your requirements?

Safety with a Kliks

Simple, intuitive, efficient

Our compact Kliks cleaning systems make your daily cleaning more efficient and environmentally friendly than ever before!

It works so simply:

- 1 | Select the right Kliks product, depending on area of application.
- 2 | Connect the product to the dosing system with the connector that has no contact to chemicals.
- 3 | Work efficiently with the ideal dosage.
- 4 | The pouch, which saves up to 90 % waste volume, can be emptied completely.

ENERGY proKliks and ENERGY topKliks

Six times better: Your benefits

-  Connect without touching concentrate
-  100 % biologically degradable formulas
-  Intuitive and safe use
-  Controlled dosing and efficiency
-  Economical
-  Reduces waste

Efficient use in professional cleaning

Kliks-Systems for laundry, kitchen and building

Configure Kliks to satisfy your requirements and then use our innovative cleaning product packaging. Specially developed for your needs.

Convenient solution for laundry and dishwashing: Bag-in-Box

The practical box for laundry and dishwashing makes professional cleaning easier and prevents direct contact with the concentrated products.

Ideal for kitchen and building Care: Kliks Pouch

Simplify professional cleaning in the kitchen and buildings. Our practical 2-liter pouch with high-performance cleaning concentrate is designed for use in the Kliks-System.

Laundry Hygiene

Mechanical dishwashing

Building Care

Manual dishwashing

**QUICK
& EASY**

More Efficiency with Ease

Quick & Easy – Load cartridge and “foam spray”

Our innovative system offers a unique concept for efficient and ergonomic cleaning with exact dosing, mobile use and clever packaging design. The varied and easily switched cartridges in the Quick & Easy

system make your work simple and efficient. Thanks to certified products with bottles made of recyclate (Cradle to Cradle® & EU Ecolabel), you do your part in protecting the environment.

Improve your productivity:

**1 cartridge of
SANET daily Quick & Easy**

**... cleans more than
1.130 sinks.**

Foam Spray Head

- Water and concentrate are mixed right in the spray head
- Prevents aerosol in the air
- Better adhesion on surfaces to be cleaned
- Free basic equipment of foam spray heads

Dosing with Ease

- Integrated exact dosing reduces application costs
- Optimum cleaning performance is guaranteed
- Automatic lock when water or concentrate cartridge is empty
- Immediate display when refill is needed

Water Cartridge

- Mobile – can be refilled with water anywhere
- Reduces carrying weight and saves steps
- Cartridges made of 100 % recycle

Belt

- All cleaning equipment immediately available
- Eliminates unnecessary steps

Safety Closure

- No-leak cartridge
- No contact with concentrate
- Change cartridge very easily
- Maximum user safety

Highly Concentrated

- Can be used almost anywhere
- Certified formulas

Packaging meets bronze level requirements.

Exchangeable Cartridges

- Fast and efficient
- Never again germ-laden liquids
- Complete emptying
- Cartridges made of 100 % recycle

Extensive Service

Based on unique expertise

Our passion for cleanliness and our decades of experience in the cleaning industry make us the perfect contact for all your issues. With us you

benefit from efficient and innovative products and a complete service portfolio too. Here is an overview of our main services:

Our Service Portfolio: For your satisfaction and efficiency

1

Top advice

Our qualified advisors closely examine your cleaning services and help you to optimize them.

- Object files contain detailed information about your object, processes and the products you use.
- Usage technicians advise you on site.

2

Customized concepts

When you need recommendations, cleaning or outbreak plans, we use our expertise to optimize your offers and solve your application problems.

3 Competitive Advantage

Sustainability is becoming more important for society and businesses. Only those companies that can credibly convey their sustainability efforts will realize a competitive advantage. We'll help you to do just that!

- Performance Calculator to figure out potential improvement to your ecological footprint
- Certificate that proves your resource conservation with our products

4 Special Know-how

We'll be happy to bring you and /or your employees up to date in the cleaning industry.

- Training programs in our Green Care Academy. Read about them on the next page.
- Current information from our newsletter "Tana informs"

5 Technical Support

Do you have problems or questions about handling our products?

- We'll provide dosing systems at no cost via a leasing agreement
- Emergency service if dosing system fails or malfunctions

Service info.

We would be pleased to give you information about our services or concrete details on our separate services: info@tana.de

6 Hygiene Assistance

We offer extensive services to set up and maintain first-class Hygiene standards.

- On-site consulting by trained disinfection specialists
- Examination and documentation in Hygiene audits
- Microbiological testing

Trained sustainably

Master the job with specialist knowledge

In the Green Care Academy we offer you support with product training. In three different ways we ensure that your employees work safely and efficiently. Your employees remain qualified, motivated and always up-to-date.

You'll find more information about our new eLearning platform, online reservations and contact options (for questions or registration) at www.green-care-academy.com

Live Training

with personal service

In our live training you will be personally looked after by Tana-Chemie employees who have years of practical experience. We offer half and full day seminars on a variety of currently relevant subjects. Company-specific seminars conducted at your site are available upon request.

Web Seminars

Location-independent instruction with trainer

In our Green Care Academy Web Seminars your employees can take part in courses no matter where they are. Active participation is made possible via the Chat function. Choose from our varied topics in compulsory training and continuing education. Company-specific Web seminars are available upon request.

NEW

eLearning

our training platform. Flexible, practical, understandable

With this platform available anytime and anywhere, your employees can learn the course material without classroom training. Users have access to all content, which they can call up many times, and then check their knowledge by answering some questions. Videos of practical work make the material easy to understand.

Arguments in favor of the platform:

- We lay the foundation for your legal certainty by providing all relevant compulsory training.
- Documentation and checks of learning success
- Continuing education and practical know-how

Green Care Professional

Safe | Effective | Recyclable

“A credible eco product can come only from a company that consistently pursues sustainability in everything it does, guided by ecological awareness, economic foresight and social responsibility every single day.”

Reinhard Schneider,
CEO and owner of Werner & Mertz

The one-way street is history ...

Are we digging our own grave?

Rainforests on fire, plastic waste on land and sea, climate change and species extinction are just some of the consequences we face in managing our planet's resources. How did we come to this point? To understand that, we first have to look at how the currently predominant economic system – the “one-way street” – is leading us into a dead end.

Take – Make – Waste

The material flow design still used today for most products is referred to as “cradle to grave”. Its focus is on the product's usage phase. Pollutants and waste generated before, during or after the production process are as unimportant as the amount of water and energy used for each production step. It is particularly devastating that both the origin and the fate of the product are ignored. Manufacturers continue relying on fossil resources such as crude oil as a source for raw materials. Products should be designed so that they can be recycled completely or used again in a new production process. Instead, many products are incinerated after their usage phase or end up in the environment when disposed of incorrectly.

Cradle to Grave: The materials flow with no consideration given to long-term resource conservation from the source to the landfill

No consideration for long-term conservation of resources
"One-way design": Take – Make – Waste

All signs point to change

We are standing before an imminent collapse. Public pressure, like the Fridays for Future movement, indicates a large segment of the population has concluded that we have to change the way we handle our environment's resources. The time has come for us to make ecological change at the industrial level. Initial political measures such as the "Green Deal", the "circular economy law" and "AVV Klima" show that a change in thinking is absolutely necessary.

How can we change our ways without giving up too much?
Genuine eco-efficiency with the circular economy.

... the future belongs to the circular economy

Sustainability has taken on a much bigger role. The one-dimensional Cradle to Grave principle, however, is still applied and supplemented merely by a reduction in the use of raw materials and resources. Efficiency is improved, but no effectiveness is achieved.

No room for compromise in a true circular economy

In the circular economy according to the Cradle to Cradle® principle, the raw materials can be reused and pollutants are thus prevented from getting into the environment. The origin and fate of ingredients are kept in closed cycles, i.e., cleaning chemicals in the biological cycle and packaging in the technical cycle.

Formulas

We use plant-based surfactants in our sustainable formulas. They contain no critical ingredients or allergens.

Plant-based raw materials

We use renewable plant-based raw materials.

Compost

Our cleaning chemicals are biologically degradable.

Packaging

We see waste as a resource:
Almost all of our packaging is made
of recyclable and recycled waste.

Technical Cycle

Recycling

Through disposal via the Yellow Bag,
empty packaging is once
again returned to the closed
loop of recyclable materials.

Technical raw materials (recyclate)

Recyclate is generated by the sorting
and processing of plastic waste
and then used to make new,
high-quality plastic packaging.

Our Products

Our development guidelines follow Nature's example

Our development guidelines, which form the basis for our entire Green Care portfolio, follow the Cradle to Cradle® Principle. Ever since our brand was established, we have worked at optimizing our technical and biological recycling in order to make our formulas and packaging even more sustainable.

Green Care Professional – symbiosis of biology and technology:

- **Strong cleaning power**
- **Excellent price/performance ratio**
- **Safe for humans and Nature**

| Formulas

In development and production, we consistently use renewable energy technology and raw materials. We continuously reduce by-products, pollutants and residues in our formulas. We also pay attention to the biological degradability of materials and exclude raw materials with negative environmental impact in compliance with EU Ecolabel requirements.

As our formulas contain neither hazardous nor prohibited materials, they are harmless for humans and the environment.

Conventional product formulas

 Crude oil-based surfactants
 Dyes
Fragrances
 Water

Green Care Professional formulas

 Plant-based surfactants (tropical crops)
 Plant-based surfactants (European crops)
 Food dyes
 Water from our own well

| Packaging

In order to do without virgin plastic made from crude oil and to conserve our fossil resources, we rely on recyclate from the Yellow Bag. We refrain from using PS (polystyrene) and PVC for our packaging components.

The recyclate share in our bottles is 100 % and our bottles are completely recyclable. After their disposal, they can be returned safely to the material cycle.

In the long term we will use 100% recyclate from the Yellow Bag. Until a complete switch is possible, we supplement the material with recyclate obtained from deposit bottles.

5

Ingredients

for successful sustainability

Cleaning performance and quality

We are living proof that sustainability and cleaning power are not mutually exclusive. Green Care Professional brand stands for efficient, high performance cleaning with the highest quality requirements à la “Made in Germany”.

Safe for Humans and the Environment

Safety for human life and the environment is our highest priority. Therefore, we use only harmless material that can be returned safely to biological and technical cycles.

Circular cleaning products

The circular economy is the only reasonable model for integrally sustainable business activity in harmony with human life and the environment. Green Care Professional is a pioneer in a consistently practiced circular economy along the entire supply chain, from raw materials to our in-house environmentally friendly energy generation and innovative packaging.

Sustainable profitability

Our brand is a role model for sustainability paired with profitability. Behind Green Care Professional is a comprehensive and consistently practiced philosophy of sustainable management. Our intelligent systems and efficient formulas make possible exact and economical dosing and complete emptying of the packaging.

Extensive Service

As your strong partner, we offer you integral consulting and extensive, personalized service based on our decades of experience.

Optimize Ecological Performance

Measure your sustainability progress with the Performance Calculator

Companies are paying more attention to their ecological footprint these days. Our Performance Calculator shows you how you can optimize your footprint with Green Care Professional.

Your added value with Green Care Professional.

- Less carbon dioxide
- Less plastic
- Less crude oil

Benefits for every area of application

Our Performance Calculator reports the potential reduction in your environmental impact in every application area. Use the results in bids, offers and as credible, positive PR for sustainability reports.

You can always count on us. Test our free Performance Calculator!
www.get.wmprof.com

Our Sustainability Promise:

“We confirm that the savings in crude oil and carbon emissions determined by the Performance Calculator were correctly calculated for both the packaging components and the detergent formulations of all Green Care Professional products.”

Intertechnica Cert GmbH

Outstanding Work for the Environment

Certificates: Proof of our progress

Our Green Care Professional portfolio offers a broad assortment of certified products. For all areas of application we have products that have earned at least one certification. This fact distinguishes us from other manufacturers and makes clear that genuine sustainability has to be practiced in the entire company if it is to be credible. We are a pioneer in the industry with the most Cradle to Cradle® certified products and are proud that we have proof of the recyclability of our formulas and our packaging.

Production & Supply Chain

Commitment leads to Change

Acting out of conviction

“Together we are strong” – if we pursue our goals as one, we achieve more. That's why we work in many instances with initiatives, companies and cooperation partners who pursue the same goals as ours.

We all want to protect our environment, promote sustainable production and advance the circular economy in society.

Our Success: The Recyclat Initiative

Microplastic in the oceans is a devastating consequence of the way we handle the flood of waste. The United Nations Environment Programme, the World Economic Forum and international bodies like the Ellen MacArthur Foundation see the solution to the problem in a closed circular economy for plastic. We do too! The Recyclat Initiative is an important step toward this goal.

Our Success: World record

More than 632 million PET bottles made of recyclat have been put into circulation by the Werner & Mertz Group. (As of August 2022)

wir-fuer-recyclat.de

Green Key

Green Key: The Key to Sustainable Accommodations

Hotels, youth hostels, campgrounds and all other types of accommodation require an enormous amount of electricity, water and cleaning products to handle the high number of guests. A minor change in the direction to sustainability can have many positive effects.

Green Key International certifies accommodations that use sustainable business practices. We provide Green Key with our practical Performance Calculator so organization can convince even more companies to think and act sustainably.

Working Together for Sustainability: Our customer success stories

While others only talk about sustainability, we have consistently put it into practice with our customers. With our ecological and recyclable cleaning solu-

tions, we have already eliminated several tons of plastic, crude oil and CO₂ emissions. You too can become a sustainability role model!

Ghent: shines in heroic splendor!

In recent years Ghent, the second largest city in Flanders, has worked steadily to make its municipal cleaning services sustainable and that includes the use of integrally sustainable cleaning products.

Ghent purchases products that satisfy the EU Ecolabel criteria and was the first city to introduce “Cradle to Cradle®” certified products for the cleaning of its buildings and facilities.

Mont-Saint-Michel: Preserve the UNESCO World Heritage Site!

The two Groupe Gaulois hotels clean with Green Care Professional, making them sustainability role models. It sees the use of our eco-certified cleaning products as added value, which can be effectively communicated to the target groups.

You can find more success stories on our Green Care Professional website.

Measure your sustainability progress on get.wmprof.com

Healthy indoor air: Breathing healthy is essential!

The design of airtight buildings promotes sustainable, energy-efficient construction, but also requires the right choice of emission-tested cleaning products so that any negative effects on the indoor air are minimized. The independent Air Label delivers reliable results on the pollutant emissions emitted into the air by the product under normal conditions of use.

Green Care Professional is the first brand of professional cleaners to benefit from the A+ Controlled Indoor Air label for professional use.

Why good air quality is so important:

We spend 80 to 90% of our lives in closed rooms.

On average 20,000 breaths per day.

Our Award-winning Engagement

German Environmental Award

“Bold decisions today will trigger positive interactions for tomorrow.”

With these words, German Federal President Frank-Walter Steinmeier presented the German Environmental Award 2019 to our CEO Reinhard Schneider. The jury was particularly impressed by Schneider's commitment to the Recyclate Initiative and his consistent focus on the topic of sustainable management in all parts of the company.

SANET

SANET perfect

Sanitary cleaner and descaler

DE/020/382

Outstanding performance | Special acid-surfactant combination | Cost-efficient

SANET perfect is a highly-effective, ecological cleaner and descaling agent for sanitary areas. With its special combination of acids and surfactants, SANET perfect effectively and gently removes limescale, grease, soap scum with its first use and thus proves its economic efficiency. Low foaming action; suitable for use with floor scrubbers.

712482 – 1 | BOTTLE | 712483 – 5 | CANISTER

SANET perfect F

Sanitary cleaner & descaler

DE/020/382

No fragrance or dye | User safety | Outstanding performance

Powerful performance, user safety, low impact on indoor air quality. Effective, ecological sanitary area cleaner and descaler without dye or perfume. With a special acid and surfactant formula, SANET perfect F effectively and gently removes limescale, grease and soap scum with the first application and thus increases economic efficiency too. Because the descaler contains no dye or perfume, it is ideal for use in commercial kitchens.

714136 – 1 | BOTTLE

SANET BR 75

Swimming pool and sanitary cleaner

Deep cleaner | Concentrated | Viscous

Removes even thick, hardened limescale deposits, crusty urine scale, rust and cement residue. Causes no corrosion damage to well-maintained chrome fixtures. Can be used on acid-resistant materials in all swimming pools, toilets, shower and bathrooms. RKL-listed.

712920 – 1 | BOTTLE | 404792 – 10 | CANISTER

SANET star

High Performance Sanitary Cleaner and Descaler

Fast | Outstanding performance | Extra fresh scent

Thanks to its special formula, SANET star achieves excellent performance, particularly in the removal of limescale deposits, and in the elimination of all other dirt and grime typically found in sanitary areas. SANET star is economical, time-saving and material compatible. The clean, fresh scent lingers.

712927 – 1 | BOTTLE | 401699 – 10 | CANISTER

SANET tasonil

Sanitary deep and maintenance cleaner

Outstanding performance | Exclusive scent | Viscous

High-performance sanitary cleaner for all acid-resistant surfaces in bathrooms and sanitary areas. Easily dissolves urine scale and limescale deposits. The viscosity of SANET tasonil ensures effective and complete removal of all dirt and grime, including from vertical surfaces.

713121 – 1 L BOTTLE | 406153 – 10 L CANISTER

SANET tasanit

Sanitary deep and maintenance cleaner

Powerful | Material friendly | No dyes

Suitable for daily maintenance and deep cleaning. Quickly and easily removes all soiling typically found in sanitary areas. Ensures freshness and high Hygiene standards. Even with a powerful formula, it is gentle to materials. Long-lasting fresh scent. Can be used on all acid-resistant surfaces in sanitary areas.

713118 – 1 L BOTTLE | 404643 – 10 L CANISTER

APESIN san

Liquid disinfecting cleaner for sanitary areas

Effective against bacteria and viruses (full spectrum) | Works quickly | Listed by IHO / VAH

Cleans and disinfects in one step. Fulfills the latest Hygiene requirements and complies with the EU Biocidal Product Regulation. Quickly and easily dissolves mineral soiling like limescale, soap scum and rust and organic soiling such as greasy and proteinaceous deposits. Suitable for deep cleaning and maintenance of sanitary facilities and swimming pools. Can be used on Plexiglas® and acrylic glass. Use biocidal products with caution. Always read the label and product information before use.

714935 – 1 L BOTTLE | 715619 – 5 L CANISTER

APESIN san Kliks

Liquid disinfecting cleaner for sanitary areas

Versatile | Effective against viruses (full spectrum) | Listed by IHO and VAH

Disinfecting sanitary cleaner in the Kliks system. Kliks is a closed dosing system with sustainable packaging and high-performance products. Kliks stands for controlled dosing and efficiency, low space requirements during use, and maximum user safety. Furthermore, plastic waste is significantly reduced (up to 90%).

713112 – 2 L POUCH

PRORAX

High performance drain cleaner

Powerful | Removes bad odors | Prevents blockages

PRORAX powerfully removes stubborn clogs in all conventional drains, e.g., in kitchens or sanitary areas. With its high performance formula, PRORAX works quickly and dissolves even greasy clogs and hair within only five minutes. Simple to use, thanks to the dosage marking on the side of the bottle.

715500 – 1 L BOTTLE

DE/020/385

BIOBACT scent

Biotechnological odour eliminator

Effective odor control | Long-lasting cleanliness | Material friendly

Biotechnological odor eliminator for all waterproof surfaces and fabrics. Long-lasting elimination of offensive odors; leaves behind a pleasant scent. Varied uses in sanitary facilities, drains, trash containers and the like. No hazard labels required.

714709 – 500 ml SPRAY BOTTLE | **714708** – 1 l BOTTLE

BIOBACT

How biotechnological cleaning & odor elimination works

1. Substances from the breakdown of urine, grease and oil cause bad odors.

3. Bacteria decompose organic waste with their own enzymes.

5. Long-lasting microbial activity prevents new buildup of organic grime.

2. Microorganisms penetrate protective layers even in hard-to-reach places.

4. Bad odors are eliminated and natural end-products are released (H₂O and CO₂)

Air fresheners

TAWIP

TAWIP vioclean

Floor cleaner & care

Natural soap basis | High slip resistance | Cost-efficient

Soap-based floor cleaner and care product with exceptional environmental properties. For use with automatic floor scrubbers or for manual application. With natural coconut oil soap to protect floors from leaching effects. Tested slip resistance in compliance with DIN 18032-2. Effective even in low concentrations.

712484 – 1 l BOTTLE | **712485** – 5 l CANISTER

TAWIP vioclean C

Floor cleaner and -care

Natural soap basis | Slip resistant | DIN 18032-2 | Cost efficient

TAWIP vioclean C is a floor cleaner that provides extra care by leaving a protective film that prevents leaching. Its highly concentrated formula and special dosing bottle ensure perfect cleaning results at low usage concentration. TAWIP vioclean C was developed with biological cycles and the well-being of future generations in mind.

712936 – 2 l DOSING BOTTLE

TAWIP novo SMART

High Performance Floor Cleaner & Care

High slip resistance | Low usage costs | Safe use

The effectiveness of TAWIP novoSmart comes from the Smart Safe'n' Shine formula: The exclusive 2-in-1 product based on coconut oil soap protects the floor with a long-lasting film. In an innovative bottle with integrated membrane system.

713474 – 1 l BOTTLE

TAWIP innomat

Auto scrubber cleaner

High performance | Anti-static | Slip-resistant

Large area cleaner for floor scrubbers with high cleaning performance event at high-speed scrubber settings. Extremely economical, thanks to its high soil-suspension capacity. Special care components protect the floor from leaching and prevent static electricity. In compliance with slip-resistance criteria in DIN 18032-2. Suitable for all water-resistant flooring.

712633 – 5 l CANISTER | **406116** – 10 l CANISTER | **712634** – 200 l BARREL

10

TAWIP original

Polymer based wipe care

Care & cleaning | Reduces re-soiling | DIN 18032-2

Maintenance cleaner based on water-soluble polymers for all waterproof floors. Quick and easy use. Stripping and simultaneous formation of a shiny protective film with outstanding slip resistance (tested, in compliance with DIN 18032-2). No buildup of layers. Makes stripping of uncoated floors unnecessary.

404775 – 40 ml POUCH | 713341 – 1 l BOTTLE | 404773 – 10 l CANISTER

10

TAWIP original C

Polymer based wipe care – concentrated

Refillable | Concentrated | Prevents re-soiling

Highly concentrated maintenance cleaner based on water-soluble polymers for all waterproof floors. Refillable dosing bottle. Easy and accurate dosing for economical use; saves space and transport expense. Fast and simple use. Thorough cleaning with simultaneous application of a protective glossy finish with outstanding slip resistance (DIN 18032-2). No buildup of layers, makes stripping of uncoated floors unnecessary.

713116 – 2 l DOSING BOTTLE | 713120 – 2 l POUCH

8

TAWIP galaxy

Polymer based wipe care

Slip resistance | Maintenance cleaning is easier & faster | Active cleaning components for mop application

Floor care product based on polymer and wax. Anti-slip. Low foam development. Pleasant scent. Forms a semi-gloss protective film. Can be used on all waterproof floors.

404751 – 10 l CANISTER

11

TAWIP soap

Soap-based cleaner

Cleans & cares | Low foaming | Stone and wood floors

Soap-based maintenance cleaner for natural stone with rough surfaces and synthetic stone, and oiled or waxed wood floors. Puts a silky shine on rough stone floor surfaces, porous tiles and wood floors. Can be used in floor scrubbers.

708728 – 10 l CANISTER

TAWIP FR66 C

High concentrated floor cleaner

Efficient | Surface Protection | Low Use Concentration

TAWIP FR 66C is a powerful and money-saving maintenance cleaner that delivers perfect cleaning results at lowest application concentrations. With good wetting properties, it removes dirt easily and thoroughly, increases slip resistance and prolongs the life of the floor.

712704 – 2 l DOSING BOTTLE

TAWIP gripgo

Special wipe care

Increased slip resistance | Problem solver | DIN 18032-2

Special mop-applied solution to increase slip resistance. The special combination of selected active ingredients guarantees greater safety by making floors slip resistant. Effective treatment with an exquisite look. Leaves behind a protective and slip-resistant silky gloss film. TAWIP gripgo also can be applied to make floor coverings less slippery. Tested and certified according to DIN 18032-2.

LONGLIFE

Emulsions and Primers

LONGLIFE complete

Ultra-performance floor polish

Completely economical | Completely safe | Completely flexible

High-performance dispersion system with outstanding features. Extremely resistant and durable, thanks to specially developed combination of high-performance polymers. Highly resistant to alcohol and disinfectants. Environmentally compatible formula awarded the Austrian environmental seal. User-friendly; works best in system with LINAX complete. Tested slip resistance in conformance with DIN 18032-2.

712513 – 5 l CANISTER

LONGLIFE matt

High-performance matt floor polish

Resistant | Matte appearance | Increased safety

Provides alcohol and surface disinfectant resistance with a matte look for ideal floor care in healthcare facilities. Resilient, highly elastic protective film that adheres well to all types of flooring, including damp linoleum. Slip resistance tested against DIN 18032-2 criteria. Certified, with Austrian environmental seal.

714289 – 5 l CANISTER

LONGLIFE polish

High-gloss floor polish

All-purpose | Safe use | Cost-efficient

Universal use of floor care dispersion without eco-toxic ingredients such as metal salt (zinc), TBEP, fluorosurfactants and fragrances. Adheres well to surfaces, polishes and restores protective film. LONGLIFE polish is a safe and durable floor polish. Tested slip resistance as per DIN 18032-2. Works best in the system with LINAX stripper. Certified, with Austrian environmental seal.

712514 – 5 l CANISTER

LONGLIFE hospital

Disinfectant – resistant emulsion polish

Disinfectant-resistant | Long-lasting | Easy Application

Dispersion with good resistance to alcohol-free disinfectants. Can be applied easily and quickly. Good leveling and low dirt absorption. Suitable for use on all waterproof floor coverings. Ideal for hospitals, healthcare facilities or nursing homes and wherever APESIN is used for cleaning.

716038 – 5 l CANISTER

LONGLIFE hospital

Disinfectant – resistant emulsion polish

Disinfectant-resistant | Long-lasting | Easy Application

Dispersion with good resistance to alcohol-free disinfectants. Can be applied easily and quickly. Good leveling and low dirt absorption. Suitable for use on all waterproof floor coverings. Ideal for hospitals, healthcare facilities or nursing homes and wherever APESIN is used for cleaning.

716038 – 5 l CANISTER | 702652 – 10 l CANISTER

LONGLIFE diamond

Long-lasting, high gloss emulsion polish

Good wear resistance | High gloss | Easy use

LONGLIFE diamond lays down a very glossy, smear-resistant and anti-slip protective film with excellent resistance to heel marks, tracks and soiling. Outstanding flow. High leveling capacity on absorbent flooring coverings. Especially economical; very little product is needed for one application.

713364 – 5 l CANISTER | 702632 – 10 l CANISTER

LONGLIFE stone

Long-lasting, high-gloss emulsion polish

Long-lasting | High gloss | For stone flooring

Highly durable dispersion of all natural and artificial stone floors. Not suitable for use on glazed tiles, fine stoneware and high-gloss polished natural stone.

707623 – 10 l CANISTER

LONGLIFE conductan

Emulsion polish for conductive floors

For conductive or dissipative floors | Disinfectant-resistant | Durable

Special dispersion for coating conductive and static dissipative floors. Leads to no insulating effect, but instead maintains the electrostatic leakage resistance inherent in the floor and gained through its installation. Developed in cooperation with well-known floor manufacturers. Care recommendations for specific flooring available upon request.

402207 – 10 l CANISTER

LONGLIFE primer

Permanent primer

Excellent filling power | Improves adhesion | Prevents clouding

Long-lasting pore filler. With high resistance to water and detergents. Protective film is preserved even through deep cleaning. Can be used on all porous and absorbent floor coverings except for rubber.

713366 – 5 l CANISTER | 706998 – 10 l CANISTER

LONGLIFE meglá

Long-lasting emulsion polish

Elastic protective film | Durable

Produces a hard yet elastic protective film with good adhesion and water resistance. High anti-slip qualities provided by special waxes. Suitable for high-speed polishing. Ideal for use on linoleum and other elastic floor coverings.

404730 – 10 l CANISTER

LONGLIFE B 250

Multipurpose emulsion polish

Protection | Care | Cleaning

The active cleaning ingredients in the special dispersion with a 3-in-1 function clean, maintain and protect floors in one use and put down an anti-slip, durable, slightly shiny protective film. Worn traffic patterns can be corrected easily. Suitable for use on all waterproof flooring, especially where slip resistance is required. Excellent for maintenance mopping

713460 – 5 l CANISTER | 702656 – 10 l CANISTER

LONGLIFE sport

Emulsion polish for sport floorings

Slip-resistant | Highly elastic | Easy use

Special dispersion for care of all floors with special requirements for slip-resistance and safety, such as gyms and fitness centers. Tested and certified in compliance with DIN 18032-2.

702657 – 10 l CANISTER

LONGLIFE glanzer

Multipurpose emulsion polish

Protection | Care | Cleaning

LONGLIFE glanzer is a versatile dispersion that creates a slip-resistant, durable protective film with a silky gloss. It protects the floor from wear and tear and maintains the surface's original appearance. Occasional polishing seals the film, ensures a well-cared-for look over the long term and improves protection of the floor covering.

1604731 – 10 l CANISTER

LONGLIFE optima

Extremely long-lasting emulsion polish

Very long-lasting | Attractive look

Long-lasting emulsion polish for an attractive appearance. LONGLIFE optima satisfies demanding requirements for the coating of rigid or flexible floors (e.g., PVC). The exceptionally durable polish maximizes the useful life and thus saves money. The results impress with anti-slip and sound-absorbing properties.

713367 – 5 l CANISTER

Wood Care

TIMBER lamitan

Impregnating cleaner for laminate and wooden floors

Waterproofing | Protective | Safe

Highly effective concentrated cleaner for waterproofing and maintenance cleaning of all water-sensitive floors such as wood, laminate and cork. Leaves behind an invisible protective film that does not affect the natural look of the floor and reduces re-soiling.

713338 – 1 l BOTTLE | 713339 – 5 l CANISTER

TIMBER natura

Impregnating care product for wooden floors

Waterproofing | Protective | Restores oiled floors

Used where an oil is usually applied to refresh and maintain oiled wood floors. Applied to a deep-cleaned floor, it emphasizes the natural character of the wood and restores the floor's high-quality fresh and natural appearance. Easily applied with a mop.

713344 – 5 l CANISTER

LINAX/QUICKSTRIP

Basic Cleaner

LINAX complete

Ultra-performance floor stripper

Extremely powerful | Fast-acting | No rinsing

Removes all types of polymer films. Ideally used in the system with LONGLIFE complete. Effectively removes stubborn floor polish films, including on over-treated floors. Can also be used on alkali-sensitive floors. Saves time and resources because rinsing and neutralizing are not required. Certified, with Austrian environmental seal.

712655 – 5 l CANISTER

LINAX stripper

Universal floor stripper

All-purpose | Safe use | Cost-efficient

Universal cleaner with exceptional environmental characteristics. Safe use, suitable on all alkali-sensitive floor coverings. Ideal when used in system with LONGLIFE polish; easily removes multiple layers of LONGLIFE polish polymer coatings. LINAX stripper works without eco-toxic ingredients (phosphates, EDTA, NATA, fragrances, dyes) and therefore has a low impact on indoor air quality. Certified, with Austrian environmental seal.

712515 – 5 l CANISTER

LINAX extreme

High performance universal floor stripper

For stubborn polymer layers | Fast-acting | Good material compatibility

Highly effective universal deep cleaner based on special solvents, even for hard-to-remove polymer layers. Extremely brief contact time. No rinsing required, simply mop up the product. Suitable for use on all waterproof floors.

712840 – 5 l CANISTER | 708604 – 10 l CANISTER

LINAX plus

Universal stripper

Powerful | Versatile | Easy use

Reliably removes old, worn wax and polymer films. For universal use on all water-resistance floors in public buildings and industrial settings. Can be disposed of via a light liquid separator. No unpleasant odors during and after use. Also suitable for sensitive flooring such as linoleum and rubber.

1103685 – 10 l CANISTER | 712802 – 200 l BARREL

LINAX amonia

Universal stripper

Powerful | Versatile | Easy use

Reliably removes old, worn wax and polymer films. High material resistance. Brief contact time. Best suited for sensitive flooring such as linoleum and rubber. Has a fresh scent.

404744 – 10 l CANISTER

QUICKSTRIP alka

Extra strong stripper for alkaline-resistant floor

High performance | Good degreasing | Suitable for oil water separator

Alkaline cleaner with sodium hydroxide base. Strong re-emulsifying. Highly effective even by removal of multi-layered protective films. Low foaming. Can be used on all alkali-resistant surfaces. Especially for deep cleaning of epoxy resin coatings. Ideal in metal-processing operations, removal of forklift abrasions. Can be used in floor scrubbers. Fast separating action in oil water separator.

404743 – 10 l CANISTER

QUICKSTRIP turbo

High effective stripper for alkaline-resistant floors

Extremely powerful | Time and money-saving | Works quickly

The high-performance general cleaner quickly and completely removes floor care product residue and crusty soiling. No unpleasant odors; a small amount of product goes a long way. Can be used on all alkali-resistant floorings.

712807 – 5 l CANISTER | 404741 – 10 l CANISTER

FOAM-EX

Defoamer

For dirty water tanks | Anti-foaming | Varied uses

Prevents foam formation or destroys existing foam in the dirty water tank of extraction devices, water vacuums, floor scrubbers. Extremely economical use. Can be used to eliminate foam formation in the washing machine

713891 – 5 l CANISTER

TUBA spray-ex

Cleaner for spray extraction

Powerful | Low-foaming | Material friendly

Dissolves, emulsifies and removes even stubborn stains from carpeting. Low foaming action. Contains no optical brighteners. Can be used with spray extraction method on all moisture-resistant textiles of natural and synthetic fibers

404772 – 10 l CANISTER

TUBA shampoo

Carpet cleaner

Protects fibers | Revives colors | Impressive performance

Carpet shampooing provides thorough, deep cleaning of fibers. Refreshes carpet colors. Delays re-soiling. Pleasant, fresh scent. Can be used on all shampooable textile floor coverings of natural and synthetic fibers. Suitable for use with all shampooing machines.

404770 – 10 l CANISTER

TUBA universal

Cleaner for shampooing and spray extraction

Deep cleaning of fibers | Refreshes colors

Carpet cleaner for use with shampooing and spray extraction devices and floor pads. Very good dirt and grease-dissolving properties. Neutral pH in cleaning solution. Contains no optical brighteners or bleaching agents. Suitable for all natural and synthetic fibers. High material compatibility.

403279 – 10 l CANISTER

TUBA spot

Universal stain remover

Universal usage | Fast & simple | Material friendly

The time and money-saving spot remover quickly and effortlessly removes all solvent-soluble and water-soluble stains from carpets, upholstery, and natural and synthetic fabrics.

712755 – 750 ml SPRAY BOTTLE

TANEX industry

Industrial floor cleaner

Powerful | Safe use | Material friendly

Powerful cleaner removes stubborn stains, oil, grease and rubber abrasion marks. Even when the product is in use for a long time, no unpleasant smells develop. Slightly foamy, surfaces are not made slick. Safe and simple use. Reduced re-soiling. Material-friendly without use of aggressive chemicals. Gentle care of sensitive metal parts, varnish and plastic.

403366 – 10 l CANISTER

TANEX primus

Intensive cleaner for construction clean-up

Alkaline deep cleaner | High performance | Pleasant scent

Powerful degreaser and cleaner for all types of dirt and grime encountered during final Building Care before handover. TANEX primus also can be used as an intense general cleaner for removal of stubborn dirt. TANEX primus has a pleasant fragrance that lingers after use.

404747 – 10 l CANISTER

TANEX gum-ex

Chewing gum remover

Powerful | Residue-free | Material friendly

Quickly removes old chewing gum, modeling clay or compound from all fabric, flexible and hard surfaces. Quick-freezing action on stains (e.g., gum) saves time and money. Immediately after product application, the residue can be removed completely and safely, without damaging the surface.

712929 – 400 ml CAN

11

TANEX start-up

Ready to use-spot remover

Powerful | Efficient & economic | Versatile application

TANEX start-up is a multi-purpose cleaner for all non-porous and washable surfaces. Highly effective, TANEX start-up removes even the most persistent soiling and stains. The easy-to-use foam spray reduces fogging. TANEX start-up can be used to renew dirty plastic. It leaves behind a pleasant orange scent.

712732 – 750 ml SPRAY BOTTLE | 712733 – 5 l CANISTER

14

TANEX trophy

Powerful cleaner for sports floorings

Powerful | Removes stains | Low foam

TANEX trophy is a specially formulated powerful detergent for the removal of specific stains on alkaline-resistant surfaces in gyms. It quickly and effectively removes resin residue and black marks. TANEX trophy preserves the shine and slip-resistant properties of sport flooring. Thanks to low foam formation, this product can be used in automatic floor scrubbers. It also can be sprayed directly on persistent stains. Leaves a pleasant minty scent.

712734 – 5 l CANISTER

Deep cleaners in Quick & Easy system, Ready-to-use deep cleaner

10

TANEX performa QUICK&EASY

Power cleaner

Powerful | Low residue | Economical

Part of the Quick & Easy portable dosing system, TANEX performa Quick&Easy combines outstanding performance with minimum effort and low usage costs. With no CLP-classified hazardous ingredients, the product ensures maximum user safety. Works quickly to remove stubborn stains of many different types. Low residue formation. Maintains the original appearance of the surface. Leaves behind a pleasant scent.

713672 – 325 ml CARTRIDGE

AT/020/012

11

TANEX power

Ready-to-use plastic cleaner

Powerful | Efficient & economical | Varied uses

Ready-to-use power cleaner for synthetic surfaces with an excellent stain remover for many types of stubborn stains such as ink from inkpads or ballpoint pens and text markers, fingerprints, nicotine and cosmetics. Highly efficient, quick use.

715930 – 750 ml SPRAY BOTTLE | 715931 – 5 l CANISTER

NOWA FLA 710 S

All purpose industrial cleaner

Versatile degreaser | Material friendly | Separates quickly

Degreaser can be used on all tool parts, power units and mechanical devices. Especially well suited for production systems in the food processing industry. Works well in automatic cleaning units. Easily removes soiling such as grease, oils, resin and burned on residue. Quickly separates in oil water separator.

1505782 – 10 l CANISTER

NOWA tanin

Fat and oil remover

**Effective removal of proteinaceous and greasy residue | Eliminates incrustation
Ideal for commercial kitchens**

Quickly and easily removes mineral, vegetable and animal oil and grease. Can be used on all alkali- and water-resistant floors and home furnishings. Effortlessly eliminates even stubborn oil and grease residues, soot, tar and metal and rubber abrasions. Low-foaming feature and neutral scent make trouble-free use possible on a variety of devices and machines. Separates quickly in an oil water separator.

403973 – 10 l CANISTER

CALC free

Highly efficient descaler

High performing | Varied usage | Fast-acting

The low-foaming descaler developed for the kitchen effortlessly removes limescale deposits from dishes, utensils and surfaces in the dishwasher. Thanks to its outstanding performance, CALC free saves time and money. No corrosion with proper use. For all acid-resistant materials.

INOXOL protect

Protection spray for stainless steel

2 in 1 | For metal surfaces | Anti-finger-print

Protection spray for stainless steel restores the shine to brushed stainless steel and removes the grime (water stains, fingerprints, dust) that tarnishes stainless steel. Its hydrophobic film repels water splashes.

714055 – 450 ml SPRAY BOTTLE

INOXOL clean

Stainless steel cleaner

Efficient cleaning | For glossy metal surfaces | Attractive shine

Removes limescale, crusted soiling, rust deposits, greasy and oily soiling. Economical use. Highly suitable for non-rusting steel and materials of nickel, brass and copper.

713130 – 1 l BOTTLE

INOXOL complete

Care product for stainless steel

Simple use | Care & cleaning | Less re-soiling

With a paraffin oil-based formula, INOXOL complete maintains, polishes and protects metal and eloxal surfaces in one process. Quickly and easily removes fingerprints, grime, discoloration and fogging and provides a smooth and shiny look. Special care components protect the metal surfaces long term from re-soiling. Extends the lifespan of the treated surfaces.

713792 – 750 ml SPRAY BOTTLE

GRILL express

Deep cleaner for grills and traditional ovens

Deep degreaser | Good adhesion | Works on its own

Quickly and completely eliminates greasy grime and burnt and baked-on foods. Fast and easy application with pump sprayer. Highly suitable for use on convection ovens, vents, grills and all stainless steel roasting and baking equipment.

712727 – 750 ml SPRAY BOTTLE | **713329** – 5 l CANISTER

8

NOWA frigo

Ready-to-use cleaner for deep-freeze storage rooms

No defrosting | No need to remove frozen goods | Up to -31°C

NOWA frigo is a cleaner for concentrated use during normal operations in refrigerated warehouses. The product de-ices and removes oily and greasy grime. Defrosting and re-cooling of refrigerated contents are not required. The time-consuming and expensive temporary storage of the frozen foods is thus avoided.

713887 – 10 l CANISTER

12*

NOWA ISR 700

Chlorine based disinfectant foaming cleaner

Stable foam | Disinfects with chlorine | For high and low pressure equipment

Industrial foam cleaner with active chlorine. For cleaning all alkali-compatible surfaces of all types in food processing operations. Develops stable foam. Outstanding suitability for use with high and low pressure systems. Listed in IHO list for Food Hygiene. Biocidal products are to be used with caution. Always read the label and product information carefully before use.

713323 – 20 l CANISTER | 713325 – 200 l BARREL

*pH value at 1%

12*

NOWA KRC 740

Liquid disinfectant, chemo-thermal kitchen cleaner

**Removes proteinaceous and greasy grime | Disinfects with chlorine
For high and low pressure equipment**

Automatic box cleaner for removal of heavy soiling caused by grease and protein. Outstanding emulsifying and dirt-absorbing attributes; with active chlorine for highly effective disinfection. Can be used in high and low pressure systems to clean transport boxes, cutter trolleys and containers, knives, boots and aprons. Listed in IHO list of disinfectants for Food Hygiene. Use biocidal products with caution. Always read the label and product information before use.

713316 – 20 l CANISTER

*pH value at 1%

NOWA MR 750

Chlorine free high alkaline cleaner

Effective removal of proteinaceous and greasy grime | Special alkali combination | Suitable for CIP systems

With emulsifying power, effectively removes protein- grease and oil crusts. NOWA MR 750 can be used in all other areas with heavy oil and grease soiling. Even in hard water, it is suitable for automatic dishwashers. Can be used in the food processing industry.

712960 – 20 l CANISTER

*pH value at 1%

NOWA SLR 600

Industrial acid foam cleaner

For food industry | For high and low pressure equipment

Acidic surface cleaner for the food processing industry; removes grease, water stains, soap scum, incrustations, rust stains and other mineral soiling. For cleaning acid-resistant materials. Outstanding use in high and low pressure systems.

712855 – 15 l CANISTER

NOWA SR 760

Industrial alkaline foam cleaner

Effective removal of proteinaceous and greasy grime | Brief contact time | Compact foam

Industrial foam cleaner without chlorine that has excellent protein and grease-dissolving properties even with short contact times. Forms a stable, compact foam. Ideally suited for use in foam devices, low or high pressure units to clean heavily soiled alkali-compatible surfaces of all types in food processing areas.

712857 – 10 l CANISTER

*pH value at 1%

NOWA tanin

Fat and oil remover

Effective removal of proteinaceous and greasy residue | Eliminates incrustation | Ideal for commercial kitchens

Quickly and easily removes mineral, vegetable and animal oil and grease. Can be used on all alkali- and water-resistant floors and home furnishings. Effortlessly eliminates even stubborn oil and grease residues, soot, tar and metal and rubber abrasions. Low-foaming feature and neutral scent make trouble-free use possible on a variety of devices and machines. Separates quickly in an oil water separator.

Accessories

Liquid Laundry Detergent

ACTIV delicat

Liquid detergent for delicate textiles

Gentle to fabrics | Protects fibers

Gentle liquid detergent based on almond oil for delicate fabrics, such as wool, viscose, acetate, elastic and synthetic textiles. Contains no bleaching agents or optical brighteners, making it ideal for hand washables. Can be used for colored laundry at temperatures between 20 and 60°C.

712602 – 5 L CANISTER* | 415464 – 15 L CANISTER

ACTIV liquid

Liquid detergent

A little goes a long way | Pleasant scent | Gentle to fibers

ACTIV liquid is a concentrated heavy duty liquid laundry detergent. Harmless to health of fabric wearers and cleaning personnel. Because it is free of bleaching agents, it can be used for white and colored laundry. ACTIV liquid works well starting at 30°C.

712603 – 5 L CANISTER* | 712822 – 15 L CANISTER

ACTIV perfect KLIKS

Ultra-concentrated liquid detergent

Powerful cleaning at low temperatures | Material friendly | Economical

ACTIV perfectKliks contains no bleaching agents. It is material friendly and compatible with all types of fabrics. Excellent washing performance at temperatures of 30°C and higher. The anti-graying system permits versatile use for all types of water and water hardness and from slightly to heavily soiled laundry. For use in Kliks-System.

714347 – 10 L BAG IN BOX

ACTIV fresh

Concentrated complete detergent

Enzymatic | Fresh fragrance | All water types

Top cleaning performance in all water hardness levels. The combination of chelating agents and soap guarantees good descaling. Prevents graying too. Gives the laundry a pleasantly fresh citrus scent. Dosing with an automatic dosing system.

713072 – 15 L CANISTER

Powders and Tablets

ACTIV tabs

High performance, ecological laundry tabs

Easy dosing | Long lasting freshness

ACTIV tabs, which are made from carefully selected raw materials, are ideal for sensitive skin. They achieve excellent cleaning results and offer top washing performance for all white and colored fabrics. Sustainable ACTIV tabs contain renewable raw materials and fulfill Ecolabel criteria.

715163 – 56 TABS

*pH value at 10 g/l

ACTIV bicompact

Ultra Concentrated Laundry Detergent

High performance | Long-lasting scent | Highly concentrated

Especially economical compact laundry detergent with fivefold bio-enzyme system and oxygen-based bleach. High-performance washing power at low temperatures and low doses. Saves 60% of energy costs and time with shorter wash cycles.

712585 – 10 KG TROMMEL | **712584** – 10 KG NACHFÜLLSACK

*pH value at 5 g/l

ACTIV universal

Complete powder for all textiles

No fragrance | No dye | Varied uses

ACTIV universal washes effectively with help from its bleach components at all temperatures and removes all types of stains. ACTIV universal is economical.

714762 – 20 KG SACK

*pH value at 10 g/l

ACTIV performa

High bleaching and degreasing washing powder

Enzyme-based | Stain remover

With a high proportion of bleaching agents, ACTIV performa removes all types of stains (wine, tea, coffee, lipstick, etc.) and guarantees radiant white laundry. Even removes hardened food residue such as grease and egg and achieves optimum washing results at all water temperatures.

713253 – 20 KG SACK

*pH value at 10 g/l

ACTIV intense

Complete washing powder – long lasting perfume

All-purpose use | Fresh scent | Radiant white laundry, at 30°C

ACTIV intense works efficiently at temperatures starting at 30°C. With an enzyme-based formula, ACTIV intense delivers bright white laundry and removes all kinds of stains. The fresh scent lingers on the clean laundry.

713252 – 20 KG SACK

*pH value at 10 g/l

ACTIV color

Complete powder for coloured textiles

Enzyme-based | No color fading

ACTIV color contains neither bleaching agents nor optical brighteners, so it protects colored laundry from fading. The formula's enzymes and emulsifying action make ACTIV color suitable for pre-washing. ACTIV color is effective at all water temperatures.

713251 – 20 KG SACK

*pH value at 10 g/l

APESIN activdes hygiene

Disinfecting washing powder

RKI-listed | VAH-listed | Disinfects at 60°C

APESIN activdes hygiene cleans, bleaches and disinfects in one wash cycle. Protein and starch stains are removed and unpleasant odors effectively eliminated. Listed by VAH (Association of Applied Hygiene) and RKI (Robert Koch Institute) and satisfies effectiveness criteria according to EN 13727, EN 16616 and EN 14476. Use biocidal products with caution. Always read the label and product information before use.

715040 – 15 KG SACK

*pH value at 10 g/l

Stain Removers

SOLUS multi

Pre-wash spotter for protein and greasy stains

Easy-to-use | For all fabrics | Efficient stain remover without bleaching agents

SOLUS multi effortlessly removes greasy, proteinaceous soiling. Without bleaching additives or optical brighteners. The product is therefore suitable for all fabrics, including delicate washables and colored laundry. The formula is based on renewable raw materials.

713068 – 750 ML SPRAY BOTTLE

DE/006/037

SOLUS oxydet

Colored stains remover without chlorine

Without chlorine bleach | Removes colored stains | Easy application

With a special combination of active ingredients, SOLUS oxydet effectively removes colored stains. SOLUS oxydet contains neither chlorine bleach nor optical brighteners and therefore can be used on delicate or colored fabrics.

713249 – 750 ML SPRAY BOTTLE

Laundry Additives

Detergent Booster

SYSTEM alca

Alkaline liquid booster

Powerful | Effective stain removal | Renewable resources

SYSTEM alca can be used as a pure alkaline detergent or in the system as a washing power booster. Removes stubborn stains and offers a good bond to greasy residue. It contains an innovative system of chelating agents based on renewable resources. Excludes the use of eco-toxic ingredients such as NTA, EDTA and phosphates.

712826 – 15 L CANISTER

*pH value at 1%

DE/039/007

SYSTEM power KLIKS

Ultra-concentrated liquid detergent

Powerful cleaning at low temperatures | Material friendly | Economical

ACTIV perfectKliks contains no bleaching agents. It is material friendly and compatible with all types of fabrics. Excellent washing performance at temperatures of 30°C and higher. The anti-graying system permits versatile use for all types of water and water hardness and from slightly to heavily soiled laundry. For use in Kliks-System.

714348 – 10 L BAG IN BOX

*pH value at 1%

AT/039/003

SYSTEM surf

Degreaser and wetting agent

Ultra concentrated | Synthetic fibers | No optical brighteners

SYSTEM surf is rich in surfactants, making it especially suitable for washing synthetic fibers. SYSTEM surf efficiently removes greasy stains.

713260 – 5 L CANISTER

SYSTEM tensio

Degreaser and wetting agent

All textiles | All temperatures

SYSTEM tensio is a detergent with strong tensio-active emulsifying agents that remove grease and grime from all fabrics. SYSTEM tensio is recommended for use with SYSTEM alca for best results.

713279 – 20 L CANISTER

SYSTEM tensioplus

Tensio-active liquid agent

Ultra concentrated | Top performance | For all fibers

Tensio-active agents in a highly concentrated laundry detergent. The powerful SYSTEM tensioplus removes stains easily, thanks to a special combination of surfactants. Its good wetting properties ensure effective deep cleaning of synthetic fibers.

1113269 – 20 L CANISTER

Bleaching Additives

SYSTEM white KLIKS

Ultra-concentrated laundry bleaching additive

Efficient at low temperatures | Powerful stain remover | Saves energy, reduces waste

SYSTEM whiteKliks achieves bright white cleaning results. Easily removes all bleachable stains such as wine, coffee or tea. Suitable for use at low temperatures, making it perfect for fabrics that should be washed only at 30°C. For use in Kliks-System.

714349 – 10 L BAG IN BOX

AT/039/003

SYSTEM oxybleach

Bleaching additive for laundry

Stain remover | Radiantwhite results | Works at low temperatures

Bleach additive based on peracetic acid with outstanding bleaching effects, starting at 30°C. For use with a detergent (e.g., ACTIV liquid) via an automatic dosing system in the washing machine. Highly-effective on all colors and bleachable stains.

714777 – 20 L CANISTER

Disinfecting Bleaching Additive

APESIN oxydes

Laundry disinfecting and bleaching additive

Stain remover | Outstanding bleaching results | Works at low temperatures

For removal of all types of bleachable stains. To be used for chemical-thermal disinfection of fabrics in APESIN system 40 with ACTIV liquid and SYSTEM alca. APESIN system is listed by the Robert Koch Institute (RKI) and Association for Applied Hygiene (VAH) for use at 60°C. APESIN system 40 is listed by VAH for 40°C. Use biocidal products with caution. Always read the label and product information before use.

712850 – 20 L CANISTER

Fabric Softener

SOFT fresh

Fabric softener for last rinse

100% European plant-based surfactants | Anti-static effect | Long-lasting scent

To satisfy the highest sustainability standards for silk laundry, the formula for SOFT fresh contains 100% vegetable surfactants made of rapeseed and sunflower oils from plants cultivated in Europe. SOFT fresh leaves the laundry with a long-lasting fresh scent.

715688 – 5 L CANISTER* | **715687** – 15 L CANISTER

SOFT nature

Hypoallergenic last rinse fabric softener

Hypoallergenic | Fresh perfume | 100% European plant-based

Fabric softener based on 100% regenerative vegetable raw materials; contains no dyes or preservatives. Leaves laundry velvety soft with a naturally fresh scent. Makes ironing fast and easy.

713163 – 5 L CANISTER*

SOFT bloom KLIKS

Ultra-concentrated liquid fabric softener

Economical | Pleasant scent

SOFT bloomKliks is based on vegetable raw materials. With its natural triple action, the fabric conditioner combines a flowery scent with fabric softness and makes ironing easier. For use in Kliks-System.

714350 – 10 L BAG IN BOX

SOFT provence

Fabric softener for last rinse

Anti-static | Fresh fragrance

SOFT provence is an excellent fabric softener with a pleasant scent. Its softening cationic surfactants leave laundry silky soft and eliminate static electricity for easy ironing. SOFT provence gives the laundry a pleasant and long-lasting scent of lavender.

713445 – 5 L CANISTER | 713441 – 15 L CANISTER

APESIN activsoft

Disinfecting fabric softener

Neutralizing | Anti-static | Long-lasting scent

APESIN activsoft is a fabric softener with lasting disinfecting action that reduces contamination risks between laundering and use of the clean articles. Softening power from cationic surfactants eliminates static electricity and makes ironing easy. The product leaves behind a light fresh scent. Suitable for all fabrics. When added during the last rinse, APESIN activsoft can be used on delicate fabrics too.

1112966 – 5 L CANISTER | 1112965 – 15 L CANISTER

SOFT absolut fresh

Disinfecting fabric softener

5 x concentrated | Fresh fragrance | Easy dosing

SOFT absolut fresh is a concentrated fabric softener with anti-static agents. Leaves laundry soft and makes ironing easy. Its fresh fragrance lingers on the clean fabrics.

713369 – 2 L CANISTER | 713368 – 20 L CANISTER

SOFT absolut provence

Ready-to-use concentrated fabric softener

Concentrated | Economical | Anti-static

SOFT absolut provence is a concentrated fabric softener with anti-static agents. Leaves laundry soft and makes ironing easy. Its lavender fragrance lingers on the clean fabrics.

Hand Care & Protection

LAVAMANI protect

Skin care and skin protection lotion

For use before work | Protects skin from drying out | A little goes a long way

LAVAMANI protect spreads smoothly over the skin and provides protection from work materials. It stabilizes the skin's mantle; leaves behind no sticky feeling. Can be used under gloves. Carefully spread on the hands before work and after every hand washing. Contains beeswax; no silicones.

413843 – 500 ml BOTTLE

LAVAMANI care

Skin care lotion

With protective beeswax | With natural coconut oil | No mineral oil, paraffin or silicone oil

LAVAMANI care is a quickly-absorbed, slightly oily hand cream that regenerates severely stressed skin. Thanks to the natural ingredients, LAVAMANI care soothes and smoothes the skin. Spreads easily. Contains no silicones, mineral or paraffin oil.

713410 – 125 ml TUBE | **413841** – 500 ml BOTTLE

Hand Disinfection

APESIN handactive F

Liquid alcoholic instant hand disinfectant

Ready-to-use | VAH-listed | Broad efficacy spectrum

Ready-to-use hygienic and surgical hand disinfectant with moisturizers and other skin-care additives. Has bactericidal, fungicidal, tuberculocidal, and (limited spectrum) virucidal effects and virus-deactivating properties (hepatitis B virus / HIV). Listed by VAH (Association for Applied Hygiene), included in the IHO list of disinfectants for food Hygiene. Use biocidal products with caution. Always read the label and product information before use.

APESIN AP 100 plus

Powdery oxygen active disinfectant

Listed by VAH / RKI (A/B) | Broad efficacy spectrum | Material compatibility

The disinfecting cleaner with active oxygen can be used in accordance with §18 of the Infectious Diseases Protection Act (IfSG). With outstanding toxicological and ecological properties, it achieves excellent cleaning performance. Can be used on all washable surfaces in hospitals, particularly in risk areas; leaves no unpleasant odors behind. Suitable for disinfecting sensitive materials such as Plexiglas® or Makrolon®. Use biocidal products with caution. Always read the label and product information before use.

716030 – 40 g POUCH

*ph-value at 5 g/l

APESIN AP 3

Disinfecting cleaner

Material friendly | Versatile | Effective

Bactericidal, yeasticidal and virucidal (limited spectrum) activity. Effective against hepatitis B virus and HIV. Very good cleaning effect. No unpleasant odors. Can be used on all washable surfaces and objects in hospitals, medical practices and nursing homes. Biocidal products are to be used with caution. Always read the label and product information before use.

404789 – 60 ml POUCH | 404787 – 10 l CANISTER

APESIN AP 300

Disinfecting cleaner

Disinfecting and cleaning | Formaldehyde-free

Disinfectant cleaner based on glyoxal and glutaraldehyde. Listed by the Association for Applied Hygiene (VAH). Has bactericidal, yeasticidal, tuberculocidal and (limited spectrum) virucidal effects. Mild scent. Free of formaldehyde, phenols and halogenated disinfectant ingredients. Use biocidal products with caution. Always read the label and product information before use.

713186 – 5 l CANISTER

11

APESIN rapid

Liquid quick acting disinfecting surface cleaner

Economical | Powerful | Listed by IHO and VAH

Effective in concentrations starting at 0.125%. Excellent cleaning performance with high material compatibility. Prevention of fungal skin infections, including athlete's foot. Can be used in hospitals and in food processing areas. Listed in the IHO list for Food Hygiene. Biocidal products are to be used with caution. Always read the label and product information before use.

Accessories

Quick & Easy Accessories

Trigger spray systems for easy, exact and safe dosing of Quick & Easy products. Mounted on a belt, the Quick & Easy cartridges are ready for immediate use.

- 714069** – QUICK & EASY TRIGGER SPRAY, INCLUDING WATER BOTTLE (EMPTY)
- 713912** – QUICK & EASY BELT

Triggers and Empty Bottles

Screw-on Trigger for Spray and Foam Use

- 702909** – 10X TRIGGER BOTTLE 750 ml EMPTY
- 712545** – 10X SPRAY/ FOAM TRIGGER WHITE
- 408597** – 25X TRIGGER FOR APESIN SPRAY F 750 ml
- 709931** – 10X FOAM TRIGGER SPRAYER BLUE
- 701904** – 10X FOAM TRIGGER SPRAYER GREEN
- 709933** – 10X FOAM TRIGGER SPRAYER RED

Drain Tap

Screw-on drain tap to refill bottles from large canister.

- 713230** – 10X DRAIN TAP FOR 2X5-L CANISTER (42 mm Ø)
- 1404508** – 10X DRAIN TAP FOR 10-L CANISTER (45 mm Ø)

Dosing Attachments

Screw-on Dosing Attachments for simple, fast and exact dosing from 1-L bottle

- 715607** – 20X DOSING ATTACHMENT 5 ml
- 714212** – 10X DOSING ATTACHMENT 10 ml
- 714492** – 10X DOSING ATTACHMENT 20 ml
- 712540** – 10X DOSING ATTACHMENT 71 ml (1-L BOTTLE)

Dosing Pumps

Dosing pumps fit 5-L or 10-L canister for accurate output of cleaning and disinfecting products. Output rate is 20 ml per pump stroke.

- 712880** – 10X DOSING PUMP FOR 2X5 L CANISTER (42 mm Ø)
- 404511** – 25X DOSING PUMP FOR 5-L & 10-L CANISTER (45 mm Ø)

Drum Pumps

Drum hand-operated pump fits Tana 200-L drum for simple filling of cleaning and disinfecting products from a large container.

404505 – 1X TP 300 HIGH-PERFORMANCE PUMPS

404506 – 1X DRUM PUMPS FOR 200-L DRUM

Nito Clean

Foam Cleaning Equipment

Foam pistol for application of a blanket of stable foam on horizontal and vertical surfaces. Variable dosing can be set up. Connection is made over a conventional water connection.

702278 – 1X NITO-CLEAN 1,4 l

Tana Easy Dos

Simple connect the portable dosing device for 5-L or 10-L canister to a water hose and screw onto the concentrated product. Then dosing can be done anywhere on site. At a flow rate of up to 10 liters/minute, the dosing device is fast and efficient. Another advantage is the accurate and continuous dosing by means of different-colored dosing nozzles.

712599 – 1X TANA EASY DOS

Tana Dos Quatro

Easily installed stationary dosing device for connection to up to four concentrated cleaners. Tana Dos Quatro is especially efficient at filling with a flow rate of up to 4 liters/minute for buckets. Available in the 2-2 model with two bottles and two bucket fillings and the 1-3 model with one bottle and three bucket fillings.

712665 – 1X TANA DOS QUATRO 3-1

712666 – 1X TANA DOS QUATRO 2-2

Tana Dos 1/2/3

Easily installed dosing equipment. Four-line dosing device for bucket and bottle filling. Depending on the model, Tana Dos 1, 2 or 3 is available for the dosing of one, two or three products (Tana Dos 3 shown here).

701166 – 1X TANA DOS 1

701167 – 1X TANA DOS 2

701168 – 1X TANA DOS 3

Disinfectant or Soap Dispenser

For hygienic hand disinfection and washing. Suitable for 500-ml and 1-L APESIN and LAVAMANI square bottles. Vario dispenser for manual operation (closure plate sold separately). TL Spender for fully automatic no-touch operation.

- 715980** – 1X TL DISPENSER
- 714900** – 1X VARIO EURODISPENSER 500-ml AND 1-L
- 712266** – 10X CLOSURE PLATE FOR VARIO EURODISPENSER 500-ml
- 712265** – 10X CLOSURE PLATE FOR VARIO EURODISPENSER 1-L

Holder and Hand Pumps for Square Bottles

Metal holder for APESIN and LAVAMANI square bottles. Can be used for 500-ml or 1-L bottle. Hand pumps for each bottle size sold separately.

- 712434** – 10X PUMP FOR 500-ml SQUARE BOTTLE
- 712427** – 10X PUMP FOR 1-L SQUARE BOTTLE
- 712201** – 1X HOLDER FOR SQUARE BOTTLE

Kliks Holder

Wall-mounted Holders or Stands for Kliks Cartons

- 714404** – 1X KLIKS HOLDER FOR 5-L CARTON
- 714403** – 1X KLIKS HOLDER FOR 10-L CARTON

Power Pads

Pads for ceramic floor coverings

With microabrasion action, Power Pads deep-clean stone floors very gently. Especially on microporous surfaces, the pads' cleaning performance exceeds that of conventional methods (e.g., with microfiber pads). Particularly suited for deep-cleaning of microporous ceramic flooring such as fine stoneware.

- 709506** – 10X POWER PAD, MELAMINE HAND PAD (25X11.5 cm)
- 709507** – 5X POWER PAD, MELAMINE FLOOR PAD (Ø 40.6 cm)

Timber Pad

Special pads for treatment of wood floors

Special cleaning pads for wood floors with use of LONGLIFE matt and TIMBER natura. TIMBER Pad Clean for the stripping of oiled and waxed wood floors. TIMBER Pad Grind for varnished surfaces.

- 701748** – 5X TIMBER PAD CLEAN, Ø 40.6 cm
- 701749** – 5X TIMBER PAD GRIND, Ø 40.6 cm

Steel Wool

Steel Wool Ring for Crystallization of Calcium-based Natural Stone Floors

- 1404512** – 20X STEEL WOOL RING FINE
- 1404513** – 20X STEEL WOOL RING COARSE
